As a long-time citizen of the Chicago area, I am concerned about GLMRIS should it be implemented. Specifically my concerns are the following:

- \* Significant natural resources such as ecosystems and threatened and endangered species;
- \* Commercial and recreational fisheries;
- \* Current recreational uses of the lakes and waterways;
- \* ANS effects on water users;
- \* Effects of potential ANS controls on current waterway uses such as flood risk management, commercial and recreational navigation, recreation, water supply, hydropower and conveyance of effluent from wastewater treatment plants and other industries; and
- \* Statutory and legal responsibilities relative to the lakes and waterways.
